

## **K \Uh'UfY'Mc iHiVY'7 \UbbY'g3'**

A YouTube Channel serves as a place to put videos that you created and want to share with others. Anyone can create a YouTube account and have multiple YouTube Channels - for free.

You do not need a YouTube Channel to view videos on YouTube - even those in someone else's YouTube Channel. For example, the [Institute for Continued Learning](#) channel mentioned above. That's just 1 of many
